AUTHENTIC OAK FLOORING

CLICK FLOATING INSTALL

CHARACTERISTICS

The Bespoak product combines the unique features of the latest micro veneer peeling and bonding technology, pressed onto an ever reliable High Density Fibreboard (HDF) core. This creates an authentic Oak product with the associated stability of high density laminate construction.

With 6 contemporary colours, Bespoak represents a highly cost competitive alternative for customers seeking natural touch and feel but with the dollar savings normally associated with Laminate Flooring. For fast and easy install Bespoak is manufactured with a popular licensed click system to keep installation costs to a minimum.

ATTRACTIVE & RESILIENT

Bespoak is available in extra wide 193 mm planks with a desirable thickness of 12.5 mm. At 1.83 metres in length the product is sure to gain an immediate appeal. The natural look and feel is maintained by using the latest water based non-toxic PU coating technology from Treffert. The coating system incorporates a combination of sealing and primer coats before the final 4 coats are applied to deliver a versatile, robust and scratch resistant finish coat.

"Micro Veneer rotary peeling technology provides for optimum use of our valuable forest resources."

Argyle

Chiffon

Merino

Linen

Cashmere

Tweed

AFFORDABLE

Bespoak represents great value for money when compared against the price of traditional engineered oak flooring. Its low maintenance and easily cleaned using readily available Bona or similar natural wood cleaning mops and solutions.

ENVIRONMENT

Micro Veneer technology provides optimum use of our valuable forest resources with approx. 12-15% extra recovery when compared to traditional sawing techniques,

Now that's got to be good for the environment!

Technical Specifications

» Grade & Surface

European Oak, 0.6 mm Micro Veneer.

Grade will contain tight and filled knots and natural characteristics.

Surface texture, light brush.

» Size

Wide Plank, 193 x 12.5 x 1830 mm

6 Planks / 2.119 m² per carton

» Profile

Floating install over an approved min. 2 mm underlay with

Moisture Barrier Film

Patented Click system, Licenced by Flooring Industries

Micro-Bevel 4 Sides.

» Colour Range

Argyle, Cashmere, Chiffon, Linen, Merino & Tweed

» Coating

Pre-finished, European PU water based UV lacquer

Robust, scratch resistant finish coats

» Physical Properties

Slip Test Guide

P3 – (R10)

Formaldehyde Emissions

DIN EN 717-1 <E1
